Pfc. John Soule of St. Albans, Vt., will tell you to buy all the War Bonds possible if only to repair physical damage of war. He's been through tough days as a result of a straining by a Nazi plane in Europe.

War Bonds do great things for our fighters. They furnished this apparatus for Army fighter in Italy to support his head until his neck was strengthened. He shows he's pleased. Name of the heroic lad was missing from photo.

Dean Blatchley, 28, Lebanon, Ore., dropped out of the back of a plane in Europe but an "X" bawled him in. He came back to tell Americans every day to buy War Bonds to help the millions who will be blasting at Japan for months. O'Connor will tell you how tough it is. U.S. Treasury Department.

Pvt. Patrick A. O'Connor, Cleveland, O., recovering in Hawaiian hospital from wounds suffered in action with 11th Airborne Division, says dig deep for War Bonds because the men over there will need the best care doctors can give to the fighters who are being struck by air ammunition every day. More money is needed for the ships and supplies to support the millions who will be blasting at Japan for months. O'Connor will tell you how tough it is. U.S. Treasury Department.

AMERICAN HEROES

BOATSWAIN ALBERTO GALZA, Baltimore, Md., well deserves his Merchant Marine Distinguished Service Medal. When the SS Delisse was first torpedoed, he rescued the wounded third mate. In the second torpedoing, the Master of the ship was pinned down by a cargo boom. Galza cut him free and lowered him to a raft just before the ship sank. War Bonds bought and held will provide ships and gear for the Merchant Marine. U.S. Treasury Department.

18 Locomotives Taken

To Burma by Army Plane

MIAMI, Fla. — Eighteen 12,000 pound locomotives ferried piecemeal across the Atlantic two weeks ago by air transport command planes are now heading supplies for Admiral Mountbatten's forces in Burma.

On January 6 General Somervell, commanding general of the army service forces, received an urgent request for 18 narrow gauge, gas powered locomotives.

The 18th Air Force company of Plymouth, Ohio, on March 27 assembled the first three, tested them, then knocked them down and crated them for shipment. The others followed. Twenty-seven transport planes were used.

Soldier's Maintenance

Costs \$533.88 a Year

WASHINGTON — It now costs the quartermaster corps \$533.88 to equip and maintain a soldier in the United States during his first year in the army, the war department reported.

This figure, which does not include cost of weapons, ammunition, transportation, shelter, pay and similar expenses, is nearly 18 per cent higher than the cost of \$455.00 in 1944.

Biggest item in cost is food, \$226.30. Clothing totals \$217; individual equipment \$69.98 and barracks equipment \$31.65.

Timber and wood products are one of the most important of all Virginia industries.

Charging Jap Officer

Sees Yanks; Changes Mind

OKINAWA — This is one about a Jap officer on one of the hills of the southwestern Okinawa front.

He appeared suddenly with a drawn saber. With an ear-splitting shriek "Banzai!" — he came charging down, flaying the air with his sword.

Halfway down toward U.S. troops, the officer suddenly stopped and looked around. But there were no Japs following him. He quickly sheathed his sword and disappeared.
